BULK BLOOMS

Our buckets are "Growers Choice" of flowers and varieties. This simply means the buckets are filled with the best of what is in bloom on the farm. Mixed colors and bloom shapes help you create beautiful seasonal arrangements.

When purchasing our bulk blooms, we do not provide design consultations or estimates for centerpieces or bouquets. However, to help guide you, we have included below estimated stem counts to help you calculate how many buckets you might need.

4-6 STEMS

15-20 STEMS

28-35 STEMS

40-60 STEMS

Stem count will vary depending on how full of a bouquet you envision and how lush you would like your centerpieces to feel.

BUCKETS INCLUDE
APPROXIMATELY
55-60 STEMS PER
BUCKET
DEPENDING ON
FLOWER SIZE.

Your style is unique to you and varies greatly from one bride to the next. We encourage you to try a sample centerpiece to see how many blooms you need for each item. You can purchase bulk blooms before the event, grab a bouquet at our farmstand or enjoy our u-pick during the season.
